

Continuation of Substance of Interview including description of the general nature of what was discussed: Applicants' response places the case in condition for allowance. If the method claims were reinstated, the examiner could not allow the case at this time since the method claims would be subject to one or more rejections under 35 USC 112 based on the nature of the invention and the scope of uses covered and the state of the art drawn to phospholipase inhibition. Mr. Dodd agreed not to pursue method claims in the instant case..
